Cases of domestic violence

471. MS. PRAMILA BOHIDAR:
SHRI B. J. PANDA:

Will the Minister of HUMAN RESOURCE DEVELOPMENT be pleased to state:

(a) whether it is a fact that around 5 crore married women in the country are victims of domestic violence, but only 0.1% cases are registered/ reported in the media;

(b) whether out of 100 cases so reported, negligible cases are taken up for investigation;

(c) whether it is not a shocking revelation made by a study conducted last year by the Centre for Social Research in collaboration with International Federation of Exhibition Services and UNAIDS?

(d) if so, the details thereof; and

(e) Government's action plan to curb this menace especially when a law has since been enacted?

THE MINISTER OF STATE IN THE MINISTRY OF HUMAN RESOURCE DEVELOPMENT (SHRIMATI KANTI SINGH): (a) and (b) As per National Family Health Survey-2, (NFHS-2) (1998-1999) at least one in five ever-married women in India has experienced domestic violence since age 15. On the basis of the statistical data made available by the National Crime Records Bureau (NCRB), Ministry of Home Affairs, a statement showing the number of cases registered and percentage of cases in which investigation was completed to total cases for investigation under the crime heads 'Dowry Deaths', 'Cruelty by Husband and his relatives' and 'Dowry Prohibition Act' during 2002 to 2004 is attached as per Statement (*See* below)

(c) and (d) In the report titled 'IPC Section 498 A Used or Misused?' of the study conducted by the Centre for Social Research, New Delhi and supported by IFES and the USAID? an inference has been made on the basis of Census 2001 data and the NFHS-2, that nearly 5 crore women must be experiencing some form of domestic violence. It has also been theorised that a very miniscule proportion of the cases experiencing domestic violence (1 out of 1000 cases) ultimately get reported.

(e) The steps taken by the Government to curb domestic violence include:

- Wide dissemination of information regarding the law enacted to create sensitization;

- Setting up of Family Counselling Centres for counselling families in situations of domestic violence;
- Setting up of helplines for women in distress;
- Support services to victims of violence through schemes such as Short Stay Homes and Swadhar under which shelter, maintenance, counselling, capacity building, occupational training, medical aid and other services are provided;
- Organizing Legal Literacy and Legal Awareness Camps;
- Implementations of schemes for (i) awareness generation and advocacy and (ii) economic empowerment of women through the programmes of Rashtriya Mahila Kosh, Swashakti Project, Swayamsidha Project, Swawlamban Programme and Support to Training and Employment Programme (STEP);
- Periodic review of laws with a view to remove provisions which may be discriminatory to women and to enhance punishments for crimes against women as well as enactment of new laws;
- Sensitization of judiciary and police and civil administration on gender issues.
